

STRVN.

PRODUCT CATALOGUE

Branded merchandise, apparel and gifting

YOUR BRAND. ANYWHERE. ANY WAY.

STRIVING

Our name comes from striving: pushing hard to reach a goal.

We took out the extra letters and kept the drive.

That is how we work, too. No padding, no excuses, just a steady push to get your brand made properly and delivered when we said it would be.

STRVN is a Dubai-based branding partner for schools, corporates, hospitality, healthcare, events, sport and retail. We supply branded merchandise, uniforms, custom packaging and fulfilment, from a single run of tote bags to a full corporate gifting programme.

EVERY ITEM IN THIS CATALOGUE CAN CARRY YOUR LOGO. IF IT ISN'T HERE, ASK US. WE WILL FIND IT.

Clear communication

One contact, written confirmation, regular updates.

Checked quality

Mock-up, sample sign-off and checks at every stage.

Deadlines kept

Realistic dates, agreed upfront, and met.

BRANDED MERCHANDISE SHOULDN'T BE A GAMBLE.

If you've ordered branded products before, you've probably seen at least one of these. We built STRVN to fix them.

	The usual problem	How STRVN fixes it
Miscommunication	Briefs lost between sales, design and production. You end up chasing for updates.	One dedicated contact from quote to delivery. We confirm your brief in writing and update you at every milestone.
Weak quality checks	Logos off-centre, wrong colours, prints that vary from piece to piece.	A digital mock-up and a pre-production sample for your sign-off, then checks before, during and after production.
Missed deadlines	Dates slip, the event arrives before the stock does, rush fees appear.	A realistic timeline agreed at the start, with buffer built in. If anything changes, you hear it early.
Expectations not managed	Promises made to win the order, then quietly walked back.	Honest advice on what works for your budget, quantity and timeline, including when something won't.
Inconsistent quality	Cheaper substitutes, or a finished product that doesn't match the sample.	What you approve is what you receive. Every order is checked against the signed-off sample.

FIVE STEPS. NO SURPRISES.

Every order follows the same process, whether it's 100 lanyards or 5,000 uniforms.

01	02	03	04	05
Brief	Mock-up & quote	Sample & sign-off	Production & checks	Delivery
Tell us what you need, how many, your budget and your deadline. We confirm it all in writing.	A clear quote and digital mock-ups showing exactly where and how your logo will sit.	A pre-production sample. Nothing goes into production until you approve it.	Made to the approved sample, with quality checks during the run and before dispatch.	On the agreed date, to one address or many. Packing, kitting and fulfilment available.
Minimum orders	Beyond the catalogue		Colours and specifications	
Typically from 100 units, depending on product and branding method.	Uniforms, custom packaging, kitting and fulfilment, plus sourcing for products not shown here.		Colours shown are a guide. Final details are confirmed on your quote and sample.	

THE RIGHT FINISH FOR EVERY PRODUCT.

Each product page lists the methods available. Not sure which to choose? We'll recommend one for your artwork, product and budget.

Screen printing

Bold, durable and cost-effective on larger runs. Best for 1–4 solid colours on fabric and flat surfaces.

Embroidery

A stitched logo that looks premium and lasts. Ideal for polos, uniforms, caps and bags.

Laser engraving

Permanent, precise marking on metal, wood and bamboo.

Digital UV print

Full-colour, detailed printing directly onto tech, notebooks and accessories.

DTF / heat transfer

Full-colour transfers for fabric. Great for detailed artwork and smaller runs.

Debossing & foiling

Your logo pressed into leather or PU, with optional metallic foil.

Sublimation

Edge-to-edge colour dyed into polyester, so it won't crack, peel or fade.

Light-up logo

Engraved and lit from within when the product is in use. Selected tech only.

WHAT'S INSIDE

Nine categories, every product customisable with your logo.

Can't see what you need?

Don't worry. We go above and beyond to find it. Send us your brief and we'll source it for you.
